Add section 1410.5 in Article 2 of Division 14 of Title 16 of the California Code of Regulations to read as follows:

**§ 1410.5. Coursework Exemptions for Out-of-State Applicants**

(a) For the purposes of this section, the following definitions apply:

(1) "proof of successful completion" means a transcript meeting the requirements of section 1410.

(2) "good standing" means practice conducted under a current, active, and unrestricted license. "Unrestricted" means the applicant was not disciplined by any state licensing board, including probation, suspension, public reprimand, censure, or reproof.

(b) An applicant licensed in another jurisdiction who has been practicing in good standing for at least 2 years will not need to retake any anatomy, physiology, or microbiology courses that include a laboratory component pursuant to section 1426, if the application required by section 1410 includes proof of successful completion of anatomy, physiology, and microbiology coursework, with or without a laboratory component, as part of their nursing education preparation.
