

### **Deficiencies Statement:**

A recent change made to the BreEZe system to address fingerprint deficiencies for Licensees during renewal was implemented on June 13, 2017. This change has affected pending RN initial/reapply exam and endorsement applicants who applied for licensure prior to June 13, 2017. If you are checking on the status of your initial/reapply exam or endorsement application in BreEZe and see the below deficiency statement, please disregard as it **does not apply to applicants**. This statement only applies to licensed RNs for purposes of renewal of their RN license.

#### **Deficiencies**

1. Fingerprint requirement has not been met. Submission of new Fingerprints is mandatory before your license can be renewed. Fax completed Live Scan form to (916) 574-7700. For additional information regarding submission of fingerprints, please refer to our web site: <http://www.rn.ca.gov/licensees/ren-fp.shtml>.
2. Fingerprint requirement has not been met. Submission of new Fingerprints is mandatory before your license can be renewed. Fax completed Live Scan form to (916) 574-7700. For additional information regarding submission of fingerprints, please refer to our web site: <http://www.rn.ca.gov/licensees/ren-fp.shtml>.

If you are an initial/reapply RN licensure applicant and have a deficiency, you will receive a letter in the mail from the Board addressing the specific deficiency. Applicant deficiencies do not show up online.

**Please note:** This statement will not delay the processing of your initial RN exam or endorsement application.
