Staff Vacancies

An offer has been made to fill the one vacant Office Technician position in Complaint Intake. We are awaiting the candidate's fingerprint clearance. This position should be filled this month.

INVESTIGATION PROGRAM UPDATE:

Staff

The BRN Investigation Unit is fully staffed; there are no vacancies.

Program

EO Dr. Morris, AEO Stacie Berumen and myself met with DCA's Division of Investigation (DOI) senior management on April 26, where we discussed IDC requested caseload statistics as well as investigative timeframes. BRN expressed our concerns regarding investigative timeframes and the number of cases currently over one year old. DOI openly discussed their plans to address aging cases and decrease the amount of time it takes to conduct BRN's most Urgent and High Priority field investigations.

Committee Requested Statistics

At the March 2018 meeting, the Committee requested numbers from the Division of Investigation regarding the number of practice related complaints that resulted in criminal referrals.

The Division of Investigation conducted a full review of their workload from July 2016 to March 2018. Both DOI and BRN agree that current CPEI guidelines are being correctly followed. DOI's review of the practice related referrals revealed the following statistics:

DOI referrals for practice related allegations of Wrongful Death, Incompetence and Negligence	200
Practice related cases returned to BRN without investigation (did not meet CPEI Guidelines)	55
Practice Related Cases Accepted by DOI	145
Cases above closed with completed DOI Reports	65
Number of Criminal Referrals	1

Summary Investigation Workload Statistics

Cumulative Investigation Referrals - Fiscal Year 2018

	No. of Cases	Percent of all Referrals
Referred to DOI	397	40%
Referred to BRN Investigation Unit	596	60%

Active Investigation Caseload – May 1, 2018

	No. of Cases	Percent of Active Cases
DOI Workload	442	51%
BRN Investigation Unit	434	49%

Cumulative Investigation Closures – Fiscal Year 2018

	Completed Investigation Reports	Average Days Investigation Time	Average Cost Per Case
Division of Investigation Closures	377	286	\$6,792
BRN Investigation Unit Closures	687	228	\$2,321

As of May 1, there are 77 DOI investigations and 10 BRN investigation over one year old. Cases over one year old represent 17% and 2% of total workload, respectively.

OUTREACH ACTIVITIES:

On April 24th, Complaint Intake Manager, Sonya Wilson hosted a Complaint Intake Roundtable Discussion meeting with representatives from other healing arts boards. DCA SOLID's Office of Change Management helped organize and facilitate the meeting. Management representatives from the Medical, Dental, Psychology, Pharmacy, and Vocational Nursing & Psychiatric Technicians Boards were all present at the meeting. The meeting was successful in re-establishing communication with other health care licensing complaint processing units.

In addition to networking, the managers discussed business processes and best practices. Future Complaint Intake Roundtable meetings will be held on a quarterly basis.

On May 2nd, Licensing and Administrative Services Chief, Christina Sprigg and I were invited to speak to this year's Sierra College RN Program graduating class. Our presentation focused on our application for licensing process and the BRN Enforcement Program.

PROBATION UNIT

Laura McLean was promoted to an Associate Governmental Program Analyst (Probation Monitor) from a Staff Services Analyst (Probation Monitor) within the probation unit effective May 2, 2018. Her vacancy is in the process of being recruited.

The current case load per monitor is approximately 133 cases, which includes tolled probationers. The average case load determined by DCA was 75 cases per monitor.

Once Uniform Standards complete the approval process, analyst monitoring these cases should have a lower case load, due to the complexity and multifaceted monitoring required.

We continue to reassess our business processes and implement changes to not only reduce our caseloads but streamline the probation process.

- * Petitioners for early termination of probation - To date, we have completed 107 via the stipulation process and there are 20 cases pending.
- * There are 40 petitions for early terminations and 7 modifications pending a hearing before the Board.

We have teamed with SOLID to instruct the Probation Monitoring Module of DCA's SOLID Enforcement Academy. The most recent class was held Wednesday, April 4, 2018.

Program Update

On April 10th in conjunction with the Department of Consumer Affairs (DCA) Office of Public Affairs (OPA), we filmed the last portion of our Intervention Program video. The rough draft has been finished and we anticipate the final version to be completed in June. Once we receive the completed version, we will be formally presenting it to the Board.

The Intervention program is currently in the process of preparing for the 2018, Intervention Liaison Committee meeting (ILC). The ILC meeting is held annually to maintain the continuity and integrity of the program in addition to providing a forum to vote on pertinent policy proposals that support the enhancement of the Intervention Program. The Intervention Discipline Committee (IDC) Chairperson, Executive Officer, Assistant Executive Officer, the Chief of Enforcement, Intervention Staff, and the IEC Member Chairs are invited to attend. This year's meeting will be held in Northern California on September 6, 2018.

In addition to the ILC meeting, the Intervention program staff are also preparing for the Nurse Support Group Facilitator's Forum. This Forum is conducted to develop greater communication between the facilitators, Board staff and MAXIMUS, the Intervention programs contractor. There will be discussion regarding the facilitator's role and responsibilities as outlined in the Intervention program contract, guidelines and policies. This year's meeting will be held in Northern California on September 5, 2018.
