ACTION REQUESTED: Summary of Legislation Chaptered in 2013

REQUESTED BY: Kay Weinkam, M.S., RN, CNS
Nursing Education Consultant

BACKGROUND: A summary of the bills chaptered in 2013 has been compiled for review.

NEXT STEPS: Place on Board agenda

FISCAL IMPACT, IF ANY: None

During the two-year 2013-2014 Legislative Session, many bills of general interest to the Board, or those having potential impact on the administration of the Board, were followed. Although these bills address many subjects, each affects registered nursing in some way. In 2013, the Board followed twenty-five bills of which nine were signed into law by the Governor. One bill was vetoed, and one bill no longer applies. Because 2013 is the first year of a two-year session, the respective legislative bodies may act in 2014 on the fourteen bills that remain. The following is a brief description of some of the bills followed by the Board that were chaptered. Please refer to the bills themselves for more details. Unless otherwise stated, the statutes of 2013 became effective January 1, 2014.

**AB 154 (Atkins)**  
Chapter 662, Statutes of 2013  
Abortion

AB 154 allows nurse practitioners, nurse-midwives, and physician assistants who complete specified training and who practice with standardized procedures or protocols, as specified, to perform the functions necessary for an abortion by medication or aspiration techniques in the first trimester of pregnancy. The bill authorizes a nurse practitioner, nurse-midwife, or physician assistant who already completed a specified training program and achieved clinical competency to continue to perform abortions by aspiration techniques. The bill makes it unprofessional conduct for a nurse practitioner, nurse-midwife, or physician assistant to perform an abortion by aspiration techniques without prior completion of training and validation of clinical competency. The bill deletes references to a nonsurgical abortion and deletes the restrictions on assisting with abortion procedures.

**AB 512 (Rendon)**  
Chapter 111, Statutes of 2013  
Healing arts: licensure exemption

AB 512 extends until January 1, 2018, the exemption from licensing requirements for health care practitioners who are licensed in another state and who provide services in California at a sponsored event under specified circumstances. The exempt health care practitioner must still obtain prior authorization to provide these services from the applicable licensing board.
AB 633 (Salas)
Chapter 591, Statutes of 2013
Emergency medical services: civil liability

AB 633 prohibits an employer from having a policy of prohibiting an employee from providing voluntary emergency medical services, including cardiopulmonary resuscitation, in response to a medical emergency, except as specified. This bill states that these provisions do not impose any express or implied duty on an employer to train its employees regarding emergency medical services or cardiopulmonary resuscitation.

AB 1057 (Medina)
Chapter 693, Statutes of 2013
Professions and vocations: licenses: military service

AB 1057 requires, effective January 1, 2015, that each board within the Department of Consumer Affairs inquire in every application for licensure if the individual applying for licensure is serving in, or has previously served in, the military.

SB 271 (Hernandez, E.)
Chapter 384, Statutes of 2013
Associate Degree Nursing Scholarship Program

SB 271 extends indefinitely the operation of the Associate Degree Nursing Scholarship Program, which is funded by the Registered Nurse Education Fund. The Program provides scholarships to students in counties determined to have the most need. This bill requires the Office of Statewide Health Planning and Development to post the Program’s statistics and updates on its Web site.

SB 352 (Pavley)
Chapter 286, Statutes of 2013
Medical assistants: supervision

SB 352 deletes the requirement in existing law that the services performed by a medical assistant be in a specified clinic when under the specific authorization of a physician assistant, nurse practitioner, or nurse-midwife. This bill prohibits a nurse practitioner, nurse-midwife, or physician assistant from authorizing a medical assistant to perform any clinical laboratory test or examination for which the medical assistant is not authorized, and provides that violation of this prohibition constitutes unprofessional conduct.
SB 809 (DeSaulnier)
Chapter 400, Statutes of 2013
Controlled substances: reporting

SB 809 establishes funding for the Controlled Substance Utilization Review and Evaluation System (CURES) Fund for use by the Legislature in making appropriations for CURES and its Prescription Drug Monitoring Program, which is an electronic monitoring system for the prescribing and dispensing of Schedule II-IV controlled substances. This bill requires, beginning April 1, 2014, an annual fee of $6.00 to be assessed on specified licensees, including those authorized to prescribe, order, administer, furnish, or dispense controlled substances, and requires the regulating body to collect this fee at the time of license renewal. This bill requires, by January 1, 2016, or upon receipt of a federal Drug Enforcement Administration registration, specified health care practitioners and pharmacists to apply to the Department of Justice to obtain approval to access information stored on the Internet regarding the controlled substance history of a patient under their care.
