I. Renewal Instructions

Attention:

- **To Renew Online, visit www.rn.ca.gov.**
- **Online Services:** You can renew your certification online using your credit card at www.rn.ca.gov. Other online services available include address changes and duplicate certificate requests. There are NO additional processing fees for these services.
- **Late Fee:** Renewal fees are due prior to the expiration date. A late penalty is added for renewals postmarked after the expiration date.
- A person whose license to practice registered nursing has been disciplined (had the license to practice registered nursing surrendered, revoked, suspended, or placed on probation) may need to present documentary evidence to the Board verifying the completion of nursing continuing education (CE) courses in order to demonstrate current nursing knowledge. Such documentation may be needed by a petitioner to reinstate a license or by a nurse on Board-imposed probation.
- At times, persons whose licenses have been disciplined have been denied the opportunity by Board-approved Continuing Education Providers (CEPs) to take CE courses. With some exceptions, the Board permits a licensee whose license has been disciplined to take CE courses, and requests that CEPs permit such persons to attend CE courses.
- The Board prohibits a licensee from taking a CE course when the course has a direct patient care component and the person's license has been surrendered or revoked, or the licensee is currently suspended from practice, or the licensee is on probation and enrollment in the course must be approved by the Board.
- After successful course completion, the certificate to be issued to persons who have had a license surrendered, revoked, or suspended must not contain either the initials "RN" after the person's name or an RN license number. For registered nurses with a license on probation, the initials "RN" and the license number may appear on the certificate.
- Continuing Education Provider Approval is nontransferable. If you have had a change of ownership, you will need to apply for a new provider number. For a new provider application, please visit our website: www.rn.ca.gov where you can download the application or apply online. You may also contact the Board directly at (916) 322-3350.
