9.1 Complaint Intake and Intervention/Cite & Fine/Legal Support Update

BRN - DOI CASE PRIORITIZATION PILOT PROJECT

Beginning in September, the BRN and DCA’s Division of Investigation (DOI) initiated a one-year pilot project to adjust case referral guidelines for Quality of Care complaints alleging patient harm and/or patient death. Previously, these urgent priority complaints were referred only to DOI. The new pilot directs nearly all direct patient care complaints to the BRN Investigation Unit.

Since September, twenty-two (22) investigation cases have met the criteria for this pilot project.

The second phase of the pilot where BRN staff obtain limited records in a small number of special circumstances will be implemented in January.

COMPLAINT INTAKE UNIT UPDATE:

I would like to introduce Jessica Perry as the new manager in the expanded Complaint Intake Unit. Jessica has an exemplary service record in the Complaint Intake Unit where she worked as an analyst since 2011. With Jessica's appointment, the BCP plan to expand from one to two Complaint Intake Units is now complete.

Complaint Intake is enjoying continued success with processing incoming complaints. Initial processing of complaints has averaged 2-to-3 days for the last six months. Complaint Intake staff are also moving new complaints to their respective investigation units very timely. On average, In-house desk investigations are moved to the investigation desk within two days; DOI referrals within 3 days, BRN Investigations within 6 days.

Sonya Wilson, Complaint Intake Manager, is a participating member of the DCA Expert Witness Program workgroup. This workgroup is designing a new training program for use with experts throughout DCA's enforcement programs.

COMPLAINT INTAKE UNIT STAFFING

Complaint Intake has two (2) OT vacancies. The recruitment is ongoing with plans to conduct interviews in January and February. There is one (1) AGPA vacancy due to a promotion. Interviews to fill the AGPA vacancy are scheduled for mid-January.

INTERVENTION, CITATION, AND LEGAL SUPPORT UPDATE:

Maximus has been awarded the new contract for the administration of DCA's alternative to discipline recovery programs, including the BRN Intervention Program. Maximus was the prior contractor for the BRN Intervention Program, and the transition has been seamless. Maximus has clearly communicated their plans to implement all contract deliverables and data reporting requirements by the January 1, 2020 start date.

Lorraine Clarke, Unit Manager, has initiated plans to recruit Intervention Evaluation Committee (IEC) Members and Nurse Support Group (NSG) Facilitators via the renewal application. Renewal applicants will be asked if they are interested in IEC or NSG service. Interested RN's will then be contacted by Intervention Unit staff. The hope is to better identify licensees interested in these critical positions. Changes to Breeze take a significant amount of time, and we expect changes to the application in late-spring to summer 2020.

INTERVENTION, CITATION AND LEGAL SUPPORT STAFFING

The unit has one AGPA position vacancy within the Intervention Program. Interviews are scheduled in early January and the position should be filled by February 2020.

Public Comment: None

9.1.1 Discussion and Possible Action Regarding Appointment of Intervention Evaluation Committee Member

In accordance with Business and Professions Code § [2770.2](#), Board of Registered Nursing is responsible for appointing persons to serve on an Intervention Evaluation Committee (IEC). Each

IEC is composed of three registered nurses, one physician and one public member who possess knowledge and expertise in substance use disorder or mental health.

Appointment/Reappointment:

Below are the names of the candidates being considered for appointment or reappointment to their respective IEC. Their applications and curriculum vitae are attached for the Board’s consideration. If approved, their terms will expire as noted below.

Name	Title	IEC Location	Appointment Type	Term Expiration
Ashley Schenkel	Public Member	7/San Jose	New Appointment	June 30, 2021

Motion: Imelda Ceja-Butkiewicz to recommend appointment of the IEC Member to the Board

9.2 Investigations Update

The Investigation Unit Supervisors continue to work very closely to coordinate policy and procedure updates, so cases continue to move smoothly to meet the unit goals of completion within 240 days.

As the senior BRN Investigation Supervisor, Scarlett Treviso has been designated as the lead supervisor who will serve as the main liaison between BRN and DOI until the selection of a Supervising Special Investigator II is made.

STAFFING UPDATE

The BRN Investigation Unit has the following vacancies:

1 Supervising Special Investigator II position to oversee all BRN Investigations. The recruitment process was initiated in July 2019 and first interviews were held in August 2019. Second level executive interviews were held in October 2019. It was decided that a second statewide recruitment would be initiated. Recruitment efforts continue. It is unknown when this position will be filled.

1 Special Investigator position vacant in our Northern CA Unit. The recruitment process has been initiated to fill the position. The position should be filled by February.

BRN DOI CASE PRIORITIZATION PILOT PROJECT

BRN and DCA’s Division of Investigation (DOI) continue to follow the one-year Pilot Program initiated in September 2019 that changed case referral guidelines for urgent priority Quality of Care complaints alleging significant patient harm and/or patient death.

Since September, approximately 22 cases that meet the new case referral guidelines have been referred to BRN Investigations.

The Pilot Program includes case tracking accountability measures so that BRN and DCA can closely monitor this critical caseload.

SUMMARY INVESTIGATION STATISTICS

As of December 16, 2019, the BRN Investigations staff have been assigned approximately 69% of all formal investigation case referrals while DOI are referred 31%. Specific information can be found in agenda item 9.4.

As of December 31, 2019, BRN has 12 and DOI has 128 open investigation cases over one year old.

9.3 Discipline and Probation Update

PROBATION UNIT

The unit will be fully staffed January 21, 2020, filling the last vacancy for an Associate Governmental Program Analyst (AGPA)

The Probation Unit is currently in the process of transitioning to a digital monitoring process. This process is one of many in our effort to go green.

The unit is in the final stages to split the one probation unit into two separate units. This will allow us to have two managers, with 16 staff between them.

DISCIPLINE UNIT

As of January 6, 2020, the vacant Discipline OT position will be filled, and the Discipline unit will be fully staffed.

The Discipline Unit recently implemented a new letter to accompany our Business and Professions Code section 820 – Mental and/or Physical Exams to alleviate lack of clarity in the reports received back from examiners. This was the result of a joint effort from Discipline unit staff, BRN management, and our AG Liaisons.

We continue to focus our efforts on aging cases, striving to meet the CPEI guideline of 540 days.

Public Comment: None

COMPLAINT INTAKE UNIT UPDATE:

GENERAL UPDATE

Unit Managers Jessica Perry and Sonya Wilson are leading BRN's preparations for the Implementation of AB 2138. Passed in September 2018, AB 2138 changes how BRN evaluates applicants for licensure with prior criminal convictions and prior professional license discipline. These changes will go into effect on July 1, 2020.

Although the law will significantly change the internal Enforcement procedures for applicants, most applicants for licensure will not be affected by these changes in law. For any future applicant for licensure with a prior criminal conviction, as of July 1, changes the process includes but is not limited to the following:

- The application for licensure will no longer ask the applicant if they have a prior criminal conviction. The BRN will rely on fingerprint results from the CA DOJ and FBI.
- BRN shall not consider criminal convictions which occurred more than seven years from the date of application. The seven-year limitation does not apply to "Serious Felonies" as defined in the law.
- BRN shall not consider any criminal conviction that has been dismissed or expunged pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code, or a comparable dismissal or expungement. An applicant who has a conviction that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code shall provide proof of the dismissal if it is not reflected on the fingerprint report furnished by the Department of Justice.
- The BRN shall not require the applicant to disclose any information or documentation regarding the applicant's criminal history.
 - o The board may request mitigating information from an applicant regarding the applicant's criminal history provided the applicant is informed that disclosure is voluntary and that the applicant's decision not to disclose any information shall not be a factor in a board's decision to grant or deny an application for licensure.

Beginning July 1, applicants will no longer be required to send the Board any documentation regarding their past convictions. For all convictions falling within the AB 2138 timeframes, the BRN Enforcement division will conduct investigations to obtain Law Enforcement and Court

records prior to making applications decisions. BRN anticipates this new process to take several weeks. However, the BRN will accept voluntarily submitted certified arrest and court records.

COMPLAINT INTAKE UNIT STAFFING

There is one (1) AGPA, one (1) SSA, and one (1) OT position vacant. Recruitment to replace these positions is ongoing with plans to have the positions filled by April.

INTERVENTION, CITATION, AND LEGAL SUPPORT UPDATE:

GENERAL UPDATE

Beginning March 2, the Attorney General's Office has taken over the service of all pleadings, including Accusations and Petitions to Revoke Probation. This greatly affects the Legal Support desk. New procedures for staff have been developed and distributed. As of the date of this report, the Enforcement Management team is working to assess the long-term impact this change will have, and to determine the full extent of changes to our internal business process. We are also collaborating with our AG Liaisons to fine-tune interagency procedures, ensure timely service of legal pleadings, and posting public notice pleadings to the web.

Intervention referrals from Complaint Intake remain at historically average levels. The participant census has remained steady for the past two years.

INTERVENTION, CITATION AND LEGAL SUPPORT STAFFING

The unit is fully staffed at this time.

INTERVENTION EVALUATION COMMITTEES (IEC)

1. Physician, IEC 2 (Bay Area)

OUTREACH

The BRN Intervention Program would like to thank Virginia Matthews, Maximus Recovery Program Manager, for her February presentation "Substance Use Disorders in the Health Professions" at the Sacramento Sierra Nurse Leaders meeting on February 26th. Lorraine Clarke, Intervention Unit Manager, and I also attended the meeting at UC Davis Medical Center in Sacramento. The audience included approximately 60 Sacramento region nurse leaders. The information was well received with an informative Q&A afterward.

On February 7th, Shannon Johnson and I gave a BRN Enforcement presentation at Sierra Nevada Hospital in Grass Valley to an audience of RN's

At the February Recovery Program Manager meeting, Maximus previewed a new informational video on Substance Use Disorder in the Health Professions and the services provided through their recovery programs, including the BRN Intervention Program. Maximus plans to release the final version in March, and the Intervention Unit will link the video on the BRN website.

PROBATION UNIT

The unit has 1 AGPA vacancy. Laura has been hired as the newest investigator for N. California. We will be posting to hire her replacement.

Year to date;

- 74 RN's completed probation successfully by either early termination or completing their full term.
- 15 RN's were unsuccessful in completing their term, resulting in 6 revocations and 9 surrenders.

There are currently 76 probation cases pending at the AG's. Of the 76, only 8 cases are over 1 year and none are over 2 years.

DISCIPLINE UNIT

The Discipline unit is fully staffed.

We continue to focus our efforts on aging cases, striving to meet the CPEI guideline of 540 days. Approximately ½ of our cases are completed within this timeframe. Overall average is 610 days, which is only 70 days shy of our goal.

The AG's office has also decreased their aging cases by 60 days in the last 6 months.

Currently the Discipline Unit has only 9 cases over 2 years old and 76 that are 1-2 years old (approx. 12% of our overall pending Discipline Cases). At this time last year, we had 38 over 2 years old and 126 that were 1-2 years old.
