BOARD OF REGISTERED NURSING
Intervention Evaluation Committee
Agenda Item Summary

AGENDA ITEM: 7.0
DATE: August 26, 2026

ACTION REQUESTED: **Information Only:** Executive Officer Update

REQUESTED BY: Board of Registered Nursing Board

BACKGROUND:

The Board of Registered Nursing (Board) established the Intervention Evaluation Committees (IEC) under BPC 2770.2, composed of three registered nurses, one physician, and one public member. These committees operate under the oversight of the Program Manager as designated by the Board's Executive Officer (EO). The EO is responsible for carrying out duties delegated by the Board, ensuring standards are implemented and enforced, reporting on policy execution, and representing the Board to the public and media. As part of these duties, the EO has been asked to provide ongoing education and updates to IEC members to support their work.

Under BPC 2770.8(f), IECs evaluate requests from registered nurses (RNs) to participate in the intervention program, review and designate treatment services for referral, receive and review information concerning an RN participating in the program, and monitor participants' progress. IECs determine whether RNs may safely continue or resume the practice of nursing, and they make recommendations to the Program Manager regarding treatment, supervision, and monitoring requirements. IECs also have the authority to deny applicants or terminate participants when necessary.

This is a standing agenda item that the EO will use to provide education and updates to the committee regarding program participant requirements and overall program efficiencies, challenges and opportunities.

NEXT STEPS: Continue discussions
