10.1 Information Only: New Law Regarding Physician Assistant Supervision and Other Changes (SB 697)

BACKGROUND: Physician Assistant: Practice Agreement: Supervision
2018-2019 Legislative Session

Senate Bill 697, Chapter 707 (Caballero) Physician Assistant:
Practice agreement: Supervision.

An act to amend Sections 3500, 3501, 3502, 3502.1, 3502.3, 3509, 3516, 3518, 3527, and 3528 of, and to repeal Sections 3516.5, 3521, and 3522 of, the Business and Professions Code, relating to healing arts.

[Approved by Governor October 9, 2019. Filed with Secretary of State October 9, 2019.]

THIS NEW LAW:

Removes the requirement that the physician Assistant and Board make recommendations to the Medical Board of California concerning the formulation of guidelines for consideration and approval of applications by licensed physicians and surgeons to supervise physician assistants.

Remove the requirement that the medical record identify the responsible supervising physician and surgeon and that those written guidelines for adequate supervision be established.

Authorizes a Physician Assistant to perform medical services authorized by the Act as amended by Senate Bill No. 697, Chapter 707; if requirements are met, including that the medical services are rendered pursuant to a practice agreement as defined, and the Physician Assistant is competent to perform the medical services.

The Act requires a practice agreement between a physician assistant and a physician and Surgeon to meet specified requirements and would require a practice agreement to establish policies and procedures to identify a physician and surgeon supervising a physician assistant rendering services in a general acute care hospital.

The Act authorizes a physician assistant, under supervision of a physician and surgeon, to administer or provide medication to a patient, or transmit orally, or in writing on a patient's record or in a drug order, an order to a person who may be lawfully furnish the medication or medical device, subject to specified requirements.

The Act revises and authorizes a physician assistant to furnish or order a drug or device subject to specified requirements, including that the furnishing or ordering be in accordance with the practice agreement and consistent with the physician assistant's education preparations for which clinical carpeting has been established and maintained, and the physician and surgeon be available by the telephone or other electronic communication method at the time the physician assistant examines the patient.

The Act authorizes the physician assistant to furnish or order schedule II and III controlled substances in accordance with the practice agreement or a patient-specific order approved by the treating or supervising physician and surgeon.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT
AS FOLLOWS:

SECTION 1.

Section 3500 of the Business and Professions Code is amended to read:

3500.

In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this chapter a framework for another category of health manpower—the physician assistant.

The purpose of this chapter is to encourage the effective utilization of the skills of physicians and surgeons, and physicians and surgeons and podiatrists practicing in the same medical group practice, by enabling them to work with qualified physician assistants to provide quality care.

This chapter is established to encourage the coordinated care between physician assistants, physicians and surgeons, podiatrists, and other qualified health care providers practicing in the same medical group, and to provide health care services. It is also the purpose of this chapter to allow for innovative development of programs for the education, training, and utilization of physician assistants.

SEC. 2.

Section 3501 of the Business and Professions Code is amended to read:

3501.

As used in this chapter:

(a) "Board" means the Physician Assistant Board.

(b) “Approved program” means a program for the education of physician assistants that has been formally approved by the board.

(c) “Trainee” means a person who is currently enrolled in an approved program.

(d) “Physician assistant” or “PA” means a person who meets the requirements of this chapter and is licensed by the board.

(e) “Supervising physician” or “supervising physician and surgeon” means a physician and surgeon licensed by the Medical Board of California or by the Osteopathic Medical Board of California who supervises one or more physician assistants, who possesses a current valid license to practice medicine, and who is not currently on disciplinary probation prohibiting the employment or supervision of a physician assistant.

(f) (1) “Supervision” means that a licensed physician and surgeon oversees the activities of, and accepts responsibility for, the medical services rendered by a physician assistant. Supervision, as defined in this subdivision, shall not be construed to require the physical presence of the physician and surgeon, but does require the following:

(A) Adherence to adequate supervision as agreed to in the practice agreement.

(B) The physician and surgeon being available by telephone or other electronic communication method at the time the PA examines the patient.

(2) Nothing in this subdivision shall be construed as prohibiting the board from requiring the physical presence of a physician and surgeon as a term or condition of a PA’s reinstatement, probation, or imposing discipline.

(g) “Regulations” means the rules and regulations as set forth in Division 13.8 (commencing with Section 1399.500) of Title 16 of the California Code of Regulations.

(h) “Routine visual screening” means noninvasive, nonpharmacological simple testing for visual acuity, visual field defects, color blindness, and depth perception.

(k) "Practice agreement" means the writing, developed through collaboration among one or more physicians and surgeons and one or more physician assistants, that defines the medical services the physician assistant is authorized to perform pursuant to Section 3502 and that grants approval for physicians and surgeons on the staff of an organized health care system to supervise one or more physician assistants in the organized health care system. Any reference to a delegation of services agreement relating to physician assistants in any other law shall have the same meaning as a practice agreement.

(l) "Other specified medical services" means tests or examinations performed or ordered by a PA practicing in compliance with this chapter or regulations of the board or the Medical Board of California promulgated under this chapter.

SEC. 3.

Section 3502 of the Business and Professions Code is amended to read:

(a) Notwithstanding any other law, a PA may perform medical services as authorized by this chapter if the following requirements are met:

(2) The PA renders the services pursuant to a practice agreement that meets the requirements of Section 3502.3.

surgeon. A physician assistant who assists a doctor of podiatric medicine pursuant to this subdivision shall do so only according to patient-specific orders from a supervising physician and surgeon.

(2) A supervising physician and surgeon shall be available to the physician assistant for consultation when assistance is rendered pursuant to this subdivision. A physician assistant assisting a doctor of podiatric medicine shall be limited to performing those duties included within the scope of practice of a doctor of podiatric medicine.

(c) Nothing in regulations shall require that a physician and surgeon review or countersign a medical record of a patient treated by a physician assistant, unless required by the practice agreement. The board may, as a condition of probation or reinstatement of a licensee, require the review or countersignature of records of patients treated by a physician assistant for a specified duration.

(d) This chapter does not authorize the performance of medical services in any of the following areas:

Section 3528 of the Business and Professions Code is amended to read:

3528.

Any proceedings involving the denial, suspension, or revocation of the application for licensure or the license of a PA or the application for approval or the approval of an approved program under this chapter shall be conducted in

accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

To obtain Board approval, the non-California based Nurse Practitioner (NP) education program shall submit documentation demonstrating compliance. For convenience, the NP program may optionally submit the **"Verification of Clinical Practice Experience for Nurse Practitioner (NP) Students Enrolled in Non-California Based NP Education Programs"** form and **"NP Program Preceptor Form"** to the Board to demonstrate compliance. If submitting these forms, they must be completed in full and signed by the appropriate staff as designated on the forms. If these forms are not used, the program may submit its own documentation to the Board demonstrating compliance with CCR Section 1486.

If completing the **"Verification of Clinical Practice Experience for Nurse Practitioner (NP) Students Enrolled in Non-California Based NP Education Programs"** and **"NP Program Preceptor Form"**, please submit the forms to the Board via e-mail, to brn.onlinenp@dca.ca.gov. Upon receipt of the completed forms, the Board will review the forms to ensure completeness and accuracy. The Board will then send a confirmation e-mail to the Nurse Practitioner program indicating the forms have been received and are under review.

This confirmation e-mail will contain further instructions to the NP program regarding any program documentation that may be submitted to the Board for review prior to program approval. All documentation is to be submitted to the Board electronically. The specific instructions on how to submit documentation to the Board electronically will be contained in the confirmation e-mail.

For a list of examples of documentation that may be submitted to the Board, see next page, "Application Documents".

Upon receipt of documentation, the Board will conduct a review to ensure the NP program requesting clinical placements in clinical practice settings in California meets the Standards for Nurse Practitioners as outlined in CCR Section 1486. The Board will notify the program of the status of the approval request, or if additional information is needed to demonstrate compliance.

If the NP program does not use the **"Verification of Clinical Practice Experience for Nurse Practitioner (NP) Students Enrolled in Non-California Based NP Education Programs"** and **"NP Program Preceptor Form"**, the program may use their own documentation to demonstrate compliance with CCR Section 1486. Documentation can be submitted electronically to brn.onlinenp@dca.ca.gov.
